Theme 2: Education for the common good of the global community

Potential action steps to foster student learning:

- Re-examining and expanding study-abroad options and consortia, with smoother processes to encourage participation.
- Exploring on-line linkages to other Jesuit colleges throughout the world. Include faculty/student exchanges, both in-person but especially via distance learning opportunities.
- Enhanced emphasis on JVC and other global volunteer options
- Expanded use of the campus as a local site for global-related events (Chamber of Commerce, International Festival)
- Expanded language offerings, again perhaps by using distance-learning capabilities to make such options more feasible.

Suggested Additional Steps/Comments on These Potential Action Steps:

Theme 3: Creating a campus community that fosters an environment of solidarity and social justice

Potential action steps to foster student learning:

- Increase student participation in, and commitment to, service learning
- Provide more leadership opportunities (on and off campus) for students
- Provide broader reaching community outreach opportunities
- Increase student, faculty, and staff interactions in providing service to the community (both local and global)

Suggested Additional Steps/Comments on These Potential Action Steps:

Theme 4: To further develop the existing cross-curricular requirements and to include additional requirements

Potential action steps to foster student learning:

- Develop and staff a writing center to support the WAC requirement
- Broaden the offerings and assess the contribution of the diversity requirement
- Implement and assess the Information Literacy requirement
- Explore the addition of an oral competency requirement for all students
